NEW ARRIVALS

While Saturday brought with it the parting good-byes of some, it also brought the cheery "hellos" and "welcomes back" of others. Although we were sorry to say farewell to our guests of last week, we were looking forward with a great deal of pleasure to greeting out new guests. THE LIME KILN JITTERBUG

The outstanding entertainment at the Lodge this past week took place on Tuesday evening when Miss Marsh and Ken McLennan favoured us with the "Jitterbug." We thoroughly enjoyed this dance, and from the smiles and laugh of our participants we feel sure that they did too. Our thanks to Miss Marsh and Ken for being such excellent sports.

CHILDREN ENTERTAINED

During the rainy days of last week several children met in the Recreation Hall where Gloria entertained them with stories, records and games

LIFE OF RILEY: Relaxation, freedom from care, sheer pleasure - - - That's The Lime Kiln.

ROMANTIC ATMOSPHERE

No doubt for a short time after the power went off, some of us wondered how we would managed in the dining room.

How thrilled we were when, on entering the dining hall, we were greeted with the soft glow of candle light. It is right that we would not choose to do all our chores in this light, but I am quite certain that for our dinner hour we more than welcomed this unexpected but very pleasant change!

ENJOYED BY HAYRIDERS

Upon our return to the Lodge a lovely bon-fire was blazing brightly, and "Dear Aunt Ida" and Mrs. Bell had the weiners, rolls and relishes all ready. After our outing in the fresh air, we indeed enjoyed this welcome home. To you who were responsible for the fire and also to "Dear Aunt Ida" and Mrs. Bell, we want to say a great big "Thank You."

GOOD SPORTS

We wish to express our sincere regrets to our good friends of last week for such terrible weather. We do want to tell you how much we appreciated your good nature, and the way in which you accepted your fate. Thanks for being such very good sports!

SHOWER BATHS NOW AVAILABLE

When the guests arrive this year they are greeted by the welcomed sign "Showers." These are some of the new additions to the Lime Kiln this year and are certainly appreciated by the guests.

So, when the lake is cold, "have a shower."

NEW EQUIPMENT

For the Sport's Enthusiasts there is new tennis, badminton and table tennis equipment. This includes new tennis racquets, balls, nets, tape, new badminton racquets, shuttlecocks, new table tennis paddles and ping pong balls. No excuse now for a poor game, fellows!

EXPLORING OLD HAUNTS

Although Tuesday did not look too promising several children accompanied by a leader, set out to explore the famous Sand Hills and of course the Old School. This indeed proved to be a thrilling experience for all. The children had a wonderful time running up one hill and down the other. Of course the most exciting moments were those spent investigating the school . . . not only the main part of the building but also the basement. One more point of interest was waiting for us in the form of the remains of "The Smith Barn". After exploring these well known haunts of Inverhuron, we were only too willing to return to the Lodge where we knew that a good lunch was waiting for us.

PLEASING INNOVATION

During the lunch and dinner hours, soft music is played by long-playing records on the record player. This music certainly makes the meals more pleasant and enjoyable.

There is also a microphone over which various announcements are made when necessary, keeping the guests well-informed as to happenings around the Lime Kiln Lodge.

TOURNAMENT WINNERS

Friday night's dinner brought another week of tournaments to a close. Due to weather conditions some of our tournaments were not completed, however those who were able to play apparently enjoyed themselves. During the dinner hour "silver cups" were presented to the following champions: badminton, Troy Thornton and Don Haight; golf, Tom McMahon; horseshoes, Jack Storey and Tom McMahon; Ping-pong, Al Buechel and Jack Storey; canasta, Alice Purdy and Allen Purdy; cribbage, Nan McCully and Ila Haight. Junior badminton, checkers and ping-pong championship was captured by Jim Purdy.

FIRST NEWLYWEDS

Both Skip and Nancy were more than welcome when they arrived at the Lodge. For two reasons everyone was pleased to see them . . . Perhaps the most important, for them at least, is the fact that they are on their honeymoon, and have the honour of being our first bride and groom this summer. The other reason being that they are known here from previous years.

During the evening meal, the couple were serenaded by the Four Potent Rodents, adding to the festivity of the occasion.

We do want to congratulate you and wish the best of everything in your life together!

SQUARE DANCING

Once again on Tuesday evening everyone gathered in the recreation hall to enjoy another exciting evening of square dancing under the expert guidance of Mr. and Mrs. Martin. From the laughter and happy faces of those present, every one was more than enjoying themselves, and hoping that they would be able to enjoy one more such evening before their stay at the Lime Kiln Lodge was over.

STUNT NIGHT

Yes, Thursday night and Stunt Night walk hand in hand! And thanks to our versatile friends we indeed had an enjoyable evening. The Ferdigs, McMahons, Purdys, Haight, Uhlers and the Thorntons presented a hilarious fashion show of Lime Kiln Life. The ladies of the above families also presented a skit entitled "Gathering the Nuts", while the men presented a skit "Fresh Drinking Water," which created a sensation when sawdust was thrown at the guests who were very definitely expecting water! "Skip" McCully presented a two-person skit by himself entitled "The Little Boy and the Bar Tender" which was enjoyed by all. To finish the evenings entertainment we saw Mrs. Jubenville taking Mrs. Storey's little baby boy Jackie for a ride. "Little Jackie" in real life is her husband. This skit brought forth much laughter from the audience. To all these participants say thank you and do come back again."

FILMS SHOWN

Another added feature of entertainment at the Lime Kiln Lodge is the films which are presented every Wednesday evening in the recreation hall. These films are always not only interesting but also educational. We do wish to say thank you to Mr. Martin for arranging for us to see these films.

OLD FASHIONED HAYRIDE

On Monday evening a happy and colorfully dressed party assembled by the recreation hall to get ready for our first old fashioned hay ride of the season. Everyone was in the best of holiday spirits and to add to our pleasure the "Potent Rodents" agreed to join us. Indeed I know that we had a very good time, singing throughout the ride.

CRAZY HAT NIGHT

Thursday evening rolled around bringing with it "Crazy Hat Night", one of our gayer and more colorful dinner hours. The bonnets this week were extremely cleverly planned, and the judges had a frustrating time deciding on the following winners:
The Prettiest Hat — Mrs. Jack Storey
Sweetest Child's Hat — Susie Ferdig
Most Unique Hat — Miss Marsh
Most Oriental Hat — Al Jubenville
Most Ornamental Hat — Mrs. Purdy
Most Colorful Child's Hat — Bob Purdy
