## Sunday Hymn Sing Stellar Attraction

The Recreation Hall at the Lime Kiln resounded with the finest choirs of the season on Sunday evening, with Mrs. Elmer Shepherd at the piano and Marge Fritz leading the singing of hymns. Margot Ann Couch accompanied Mr. Charlie Grinyer in two beautiful selections; Mrs. Cecil Lyness sang an old favorite hymn and all joined in on the last chorus. Mr. and Mrs. John Shepherd sang a duet and Mrs. Shephred a solo to round out the unusually fine contributions to the usual hymn sing. The harmonious voices of the Lime Kiln chorus — Marge Fritz, Ruth Steer, Jutta Cleve, Gale Bassett, Markie McFarlane and Linda Parry, added two more favorite hymns of the special numbers. The Lime Kiln chorus continued with another hymn sing at Mrs. George MacFarlane's before adjourning for the night.

### FOUND DEPARTMENT HEADS "LOST"

**Found** — One fuzzy white elephant is looking for his little friend. He can't see too well, owing to the fact that he is lacking a pair of eyes. He has red velvet ears and hind feet, and he was found about August 3rd. He is an "Animal of Distinction" and came originally from New York.

**Found** — One movie camera was found in Cabin 7A on July 27.

### DINNER GUESTS RETURNED HERE

The Haight's of Stratford, who were here from July 6 to 13 this season, returned for dinner on Sunday, July 21. This was a pleasant surprise for all. The Haight's were guests of Mrs. Haight's parents, Mr. and Mrs. Stratton from Galt, who vacationed here from July 20 to July 27.

### Weekly Sing Song Proves Popular

This weekly feature was again enjoyed by the Lime Kiln guests along with beach people. Margery Fritz led the hymn singing, while Mrs. Elmer Shepherd accompanied the group on the piano. It lasted for an hour and a half, and was attended by a good crowd.

**RUTH STEER**, from Lucknow, is here for the first time. She waits on tables and helps in the kitchen. Ruth will be going into Grade 13 in the fall and on to Teacher's College the following year. A practical joker, she enjoys seeing people squirm and writhe under her frequent showers of cold water and ketchup.

**MARKIE McFARLANE**, back as head waitress, calls Riverside her home. She took a course in Mothercraft and Child Care last year in Toronto, and will be completing her final year of nursing in Toronto in September. Markie keeps things moving in the kitchen with her words of endearment and friendly bear-hugs.

### NEW EQUIPMENT AT LIME KILN

Something new has been added! In fact, many new things have been added around the Lime Kiln this year. Among them is an automatic dishwasher, run by Harold Robinson. A real production line forms in the kitchen after meals. Dishes are scrapped, packed into trays, showered by a hand spray, pushed into the little box, pulled out the other end, dried and stacked. Simple as that! Another addition is a vegetable peeler. This device responds to a touch of the button and a flick of the wrist. Water pours into the bucket-like contraption, the bottom spins, and presto — one peeled and washed potato coming up!

**BILL MacKENZIE**, from Tiverton, will be a grade 13 student at Kincardine District High School in the fall. Bill is our strong and handsome hero who often risks his neck to save the staff girls from prowlers.

**MARGERIE FRITZ** hails from Listowel. She has completed Grade 13 and will be attending University in the fall. She works as a waitress, in the kitchen and helps with recreation. Her favourite song is "Too Young to Go Steady", and she specializes in rolling up sidewalks in Kincardine.

**MARGARET BAILY**, from Paris, Ontario, was with us for a few weeks. She will be returning to Toronto University in the fall for her final year and we all wish her every success in the future.

### HAYRIDE COVERS WIDE TERRITORY

Monday evening again marked "Hayride Night", ushered in by the clanging of the famous Lime Kiln bell. A full load clambered aboard and set off for their tour of the picturesque countryside surrounding Inverhuron. Considerable interest was aroused among the riders concerning Grey's Castle, a large house which has quite a tale connected with it. The Wallises went up the next day and were given a tour through it by the Bakers, who own the house now. The possibility of guided tours through the "house of mystery" is being discussed.

The hayriders returned to the beach for a weiner roast after their trip.
